One feature of this year will be a beautiful Japanese Village, introducing recently imported natives from Japan. There will also be a number of free open air exhibitions, afternoon and night. One fare the round trip has been granted by all railroads.

Phil Daly's famous Pennsylvania Club House, with its gilded domes, at Long Branch, which for years was the finest gambling palace in this country and frequented only by those who could wager unlimited amounts, is advertised to be sold by the sheriff August 3, at Freshfield, N. J. The bric-a-brac, draperies and decorations of the Pennsylvania Club cost more than \$250,000. When the club was closed by the county officials last July the elder Daly was not included among those indicted. Phil Daly, Jr., was indicted and fined \$1,000. Up to that time the club had been closed but twice since its erection by the late John Hock in the early 60's.

Night Was Her Terror.

"I would cough nearly all night," writes Mrs. Chas. Applegate, of Alexan dria, Ind., "and could hardly get any sleep. Providence is smiling on the farmers and sends forth rain in abundance. Corn is tasseling and there is a fine prospect for a good yield.

The school at Fish will open Monday with Dr. Martin teacher. Much is expected from the doctor this term as it will end his career as a teacher.

As the writer is a pedagogue and in the infancy of both teaching and corresponding, he has but little time to gather news as much of his work is in the school room.

We are glad to state that Miss Nettie Brown is improving. Messrs. Perry and Wm. Hovious have returned to Nashville. Perry has been a visitor for some time. I. C. Brown is at Liberty taking an examination.

Our debating society is moving along and much good has been accomplished by the young people, who fill the program each time. C. P. Gaines, our clever draggster, is filling prescriptions for many of his customers. Gilbert Boone, of the Joyce section, was in town Saturday on business. Rowce Gint, of the Shermanville section, left for Ohio to the regret of his friends.

POPE LEO.

The death of Leo, the great Pontiff, is mourned by the Catholic church; the passing of Leo, the scholar, statesman, Christian, the arbiter of Europe's peace, is a loss to the world. Called upon to play a master part at an age and era when the temporal power of a great church had largely fallen from its grasp, Leo recognized that the advancement of his cause and the upbuilding of his faith demanded a head wise to counsel, catholic in sympathy, the conservator of principles rather than the creator of policies. When the history of the church for the closing part of the 19th and the first years of the 20th century is written and the diplomatic record of the great power of Europe for that period is more fully understood, it will then be known that the influence of Leo, the prelate, was greater than that of any man who ruled by virtue of the temporal power entrusted to his care. At the end of his pontificate the Catholic church is stronger to withstand attack, better able for aggressive action along ecclesiastical lines and more firmly entrenched in the hearts of its followers than at any other time in the last century and a half. Leo has builded for the future in building from within. Among the great leaders of the church, other names will stand out in bolder letters for preeminence of ambition, daring of design and far-reaching political and material achievement, but to none will be given higher place for soundness of wisdom and boldness of life.—Louisville Times

Superintendent W. H. Whitaker, of the Jeffersonville Reformatory, takes the position that it is the duty of the State to find employment for the millitiamen who lost their positions as a result of the Evansville riots, and will give places in the Reformatory to such as are qualified.

The special grand jury at Jackson returned an indictment against Gardner Plummer charging him with attempting to bribe B. J. Ewen to leave the country or swear falsely in the Jett-White case. Indictments also were returned against Joe Crawford and Ed. Sharp, charging them with burning Ewen's hotel. An effort was made to impeach Judge Hargis and Sheriff Callahan in the bribery case, but the evidence against them was not sufficient, in the judgment of the jurors, to justify an indictment.

There is much talk over an alleged quarrel between County Judge James Hargis and Sheriff Edward Callahan. It is said that the former was angry because the sheriff refused to test on his rights to draw the present grand jury and that the latter replied that Judge Redwine would have appointed an ellor in his place if he had not declined to serve. According to report these officials were about to come to blows when bystanders interfered. It is also reported that there have been differences between them since the transfer of Jett and White to jail at Lexington, and that the trouble started with Callahan refusing to pay any part of the expenses of the Marcus murder trial at Jackson.

The smoke house of Mr. Wash Brown was robbed Friday night of hams and bacon and sides. Blood hounds were brought from Wilmore but a rain 10 minutes before they arrived at the scene washed away the trail and probably saved the thieves from arrest.

The almost unbounded success of West End farmers is not attributed to any one product for the golden gates of promise swing open to the stock raiser, as well as to the grain, hemp grass and tobacco growers. As an instance of this fact, Mr. T. L. Carpenter, who does not make a specialty of sheep, sold from 250 ewes \$1,417 worth of lambs and wool and has near 100 lambs left.

YESTERDAY was "political" day at the Crab Orchard fair. Gov. Beckham was in attendance and was warmly received. Hon. W. C. Bell, democratic nominee for circuit judge in this district was present and was shown many courtesies by the democracy of Lincoln county. But then why should he not be given the right hand of political fellowship? This true, as this paper has said before, that the defeat of Judge Sautley and Mr. Owsley was a disappointment to the democrats of this county, but they, like the judge, have party interest too much at heart to seek or wish for Mr. Bell anything but unlimited success this fall. The gentlemen from Mercer, who are our legal nominees, are democrats upon whom no suspicion of mugwumpism has ever rested. That they had a perfect right to make the race for the offices they have been nominated for, no one will dispute. Perhaps neither Mr. Bell nor Mr. Hardin possess the powers of oratory that Judge Sautley and Mr. Owsley do. Perhaps they are unable to catch the voter by their proclamations from the stump as the gentlemen from Lincoln County have done. But what of that? They are honest men and conscientious and it must follow that they will be pale taking in whatever comes before them, for honesty and conscientiousness are but the rudiments of pains taking. These traits, added to the natural capacity of the men will make them formidable candidates and any man who calls himself a democrat should and doubtless will, consider their claims before he scratches the ticket, if indeed he ever had such evil intentions. We predict for them now a signal victory. It can be and will be secured, and when the vote is counted next November the proud democracy will once more lift up her head in victory, shouting defiance at the enemy and again establishing her right to supremacy and to the administration of public affairs.

THE overworked clerks in the department at Washington are complaining of seven hours a day, and they expect to obtain a still further reduction by a noon closure on Saturday all the year round. It will soon come to pass doubtless that all the nice gentlemen will want to do is to draw salaries they never have earned.

THE Lexington Herald announces that it will support the democratic ticket ticket, which will hurt a great deal more than it will help. The Herald and the Louisville Post are democratic (?) papers that do democracy most good when they are supporting the republican ticket.

THE CRAB ORCHARD FAIR.

The Second Annual Exhibition A Success.

Big Crowds, Good Show Of Stock And Hotly Contested Races.

Everybody Having a Good Time And Enjoying The Hospitality Of The East Enders.

Wednesday, the first day of the Crab Orchard fair was largely attended and a splendid show of stock and good races were enjoyed. The crowd was considerably larger than last year's first day, while the stock exhibited was of a better class and in greater numbers. It was a typical country fair and everybody had a good time. Officers and directors were untiring in their efforts to make the day pleasant for the visitors and right well did they succeed. Yesterday was Beckham day and a big crowd was present. Some estimated the gathering as high as 4,000. A splendid lot of stock was exhibited and the races were hotly contested. It was a big day and everybody had a good time. Splendid order prevailed.

MRS. W. A. TRIMBLE most delightfully entertained Monday evening at progressive floch in honor of Misses Susan and Mary VanArsdale and their charming guest, Miss Haddon, of Maveville. The prize was won by Miss Haddon, after which delightful tea-tetes were enjoyed. The handsome residence was beautifully decorated and Mrs. Trimble entertained in her usual charming manner. Lunch was served at 12 and all left with many pleasant memories of the evening.

An immense crowd attended the burial of Mrs. G. T. Lackey in Buffalo cemetery Tuesday afternoon. Short services were held by Revs. A. S. Moffett, of Lebanon, and S. M. Logan, of Wilmore, and all that was mortal of the young wife was laid away. There was scarcely a dry eye in the great throng when the casket was lowered into the grave and much sympathy went out to the young husband, the fond parents and sisters and brother of the deceased. Death at any and all times is sad, but especially so in the prime of life as was Mrs. Lackey. She had so much to live for and was so bright and happy. Why was she called, when there are others who could have been better spared? The goodness of God must not be questioned, however, and let those who weep remember that He doeth all things well and that it was for the best that her young life was taken. Cousins of the young wife were active pall bearers and members of the bar here hooorary. The grave was literally hidden with flowers, attesting to some extent her popularity and the sympathy felt for those who survive her.

POLITICAL.

Gen. Haydon, republican leader in Rhode Island, says Senator Aldrich will not accept the vice presidential nomination if it is offered to him.

Senator James B. McCreary, in an interview at Washington, predicted the election of the Democratic State ticket by a majority of not less than 20,000.

Col. Morris H. Belknap called on President Roosevelt at Oyster Bay, had a 20 minutes' chat with the Chief Executive, declined an invitation to luncheon, and later declared there was no particular political significance in his visit. It is said the Kentucky republican nominee asked the President to come to this State and make a few speeches during the fall campaign.

In the circuit court at Lexington George W. Long, who was chairman of the republican State campaign committee in 1900, was awarded a judgment for \$1,010 against Walter Day, republican candidate for State Treasurer in that year. Hon. Peter M. McRoberts, of Stanford, was seen by a News representative yesterday and asked concerning the probability of his being a candidate for the republican nomination for the circuit judgeship of this district, and while he was not willing to commit himself he seems to be in the hands of his friends and is playing a "receptive" role.—News.

The Missouri Supreme court overruled a motion to set aside the fine of J. M. Shepperd, who must pay \$500 for criticism of the court.

Brutally Tortured.

A case came to light that for persistent and unmerciful torture has perhaps never been equalled. Joe Golobick of Colusa, Cal., writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried every thing known. I came across Electric Bitters and its the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me. Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists."

LONELY VIGIL.

Travelers passing an old graveyard in Mercer county after dark may see an old gray haired, heart-broken father, with his head pillowed upon the mound that marks the last resting place of his beloved daughter, with a double barreled shotgun by his side. He is there guarding the body of his child from the curiosity of scientists who, he thinks, wish to get the body for examination.

This daughter of Benjamin Ball, who lives on Dix river, near High Bridge, died of an ailment which puzzled the physicians more than any other case in years. On the second day of last March the young woman, a robust, healthy young girl of 18 summers, was seized with a violent fit of sneezing, and continued to sneeze for a period of four weeks, during which time the longest period between sneezes was one minute.

At the expiration of four weeks she seemed to recover to some extent and the sneezing almost left her and her friends thought that she might be fully relieved, but at the end of three weeks she commenced sneezing again, and kept it up constantly until her death.

During the first four weeks she did not suffer and remained in her usual robust health, but after she began sneezing the second time she gradually wore away and grew thin and suffered excruciating pain. Her arms and legs doubled up and it was impossible to straighten them, and during the last few days of her illness her pain was so great that it took several strong men to hold her in bed. She made repeated efforts to bite herself and would try to pull the hair from her head. All remedies known to medical science were used, and almost every physician in this section diagnosed the case, but all alike failed to give relief, and she gradually grew worse. Specialists from the larger cities were brought to examine the case, and they also failed to give relief.—Harrodsburg Dispatch to C. J.

"If women would pay more attention to their health we would have more happy wives, mothers and daughters, and if they would observe results they would find that the doctors' prescriptions do not perform the many cures they are given credit for."

"In consulting with my druggist he advised McElree's Wine of Cardui and Theford's Black-Draught, and so I took it and have every reason to thank him for a new life opened up to me with restored health, and it only took three months to cure me."

Wine of Cardui is a regulator of the menstrual functions and is a most astonishing tonic for women. It cures scanty, suppressed, too frequent, irregular and painful menstruation, falling of the womb, whites and flooding. It is helpful when approaching womanhood, during pregnancy, after childbirth and in change of life. It frequently brings a dear baby to homes that have been barren for years. All druggists have \$1.00 bottles of Wine of Cardui.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky, offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post Graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly 50 professors and instructors. COLLEGE AID—SIXTY receive tuition, room rent in dormitories, fuel and lights, and if they remain 10 months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern. The Legislature appropriated \$50,000 for a College Home for young women and \$25,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and science are fully provided for as required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the College to supply. Last year the matriculation list was 604.

Summer Schools are provided for Pedagogy, Engineering and instruction in Science. Specialists with the necessary number of assistants, have charge of each department of Natural Science.

The State College of Kentucky, though bearing hitherto the title of College, is the only institution in the Commonwealth doing, in any proper sense, University work.

The completion of the College Home for young women will provide facilities for good board and lodging. It is equipped with all modern conveniences, including bath rooms and room for physical culture. It will be tenanted by women and lighted by electricity.

An opportunity is afforded to them of a thorough education in Classical, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. No other institution in the State offers advantages for the education of women at all comparable to those offered by State College of Kentucky.

For catalogues, method of obtaining appointments, information regarding courses of study, and terms of admission, apply to JAMES K. PATTERSON, Ph. D., LL. D., Director, or to D. D. FRANK, Business Agent, Lexington, Ky.

Full term begins September 7, 1903.
